

## **Woman murdered in Downtown Southern Pines**

Thursday, 01 September 2011 15:04

---

There are traffic delays in Downtown Southern Pines this afternoon as police have blocked off an entire block near the tennis courts...Apparently there was a vicious assault in that area earlier this afternoon that resulted in the death of a woman and the arrest of her male assailant. There is no estimate on how long the area will be blocked as the investigation continues.
